24th SNS Sponsorpool Project

Welcome address

Dear Colleagues,

It is with great pleasure and a deep sense of pride that we invite you to the 24th Sponsorpool Project of the Swiss Neurological Society at the 12th Congress of the EAN, taking place in **Geneva, Switzerland, from June 27–30, 2026.**

For the first time in history, this major European neurology congress will be held in our home country. This is a milestone for Swiss neurology – a moment that reflects our growing visibility, our strong scientific community, and our shared commitment to advancing our field. And it offers all of us a rare opportunity: no long-haul flights, no logistical hurdles – just easy access, direct participation, and the chance to connect with hundreds of European colleagues right here on Swiss soil.

Our Sponsorpool package is designed to make your participation both convenient and inspiring, so you can focus on what matters most: learning, exchanging, and experiencing this exceptional congress together as a community.

We truly believe that 2026 will be a special year – one that beautifully unites scientific excellence, the comfort of a domestic setting, and the warmth of our Swiss neurology family coming together.

We look very much forward to welcoming you in Geneva and sharing this proud moment with you. Warm regards,

Prof Caroline Pot, MD
President Swiss Neurological Society SNS

Uta Kliesch, MD
President of the joint commission Sponsorpool
